

QA Technical Analyst

Location: St. Louis or Home-office

About Us:

LDI Integrated Pharmacy Services is a St. Louis, Missouri-based, independently owned and operated company offering integrated pharmacy services ranging from pharmacy benefit management to Mail order and specialty pharmacies. We are a growing company, and looking for talented, innovative and diverse thinkers to grow with us.

Description:

The QA technical Analyst role is responsible for creating automation test scripts that will help the QA team and Plan Build team in their work efforts of building and/or testing benefit plans. The QA technical analyst will also work on maintaining these test scripts and build a deployment method for all departments in need of the automation test and/or coding macro scripts. The QA technical analyst will help track and report testing defects and workflow activity of QA projects.

Responsibilities:

- Create and Maintain automation test and coding scripts.
- Ownership and maintenance of reports for Benefit Plan QA and Plan Build.
- Document, socialize, and triage new and ongoing automation requirements for department.
- Ability to identify gaps and data analysis in support of identifying improvement opportunities.
- Engage with other internal departments to promote quality for the company.
- Proficient ability to generate reports for management consumption.
- Proficient ability to communicate effectively with others about automation and technical needs for the department.
- Leads discussions with vendors and other functional IT departments to support automation and/or identify process improvement opportunities.
- Performs other duties to meet department goals.

Qualifications:

- Bachelor's degree or 4+ years' experience in PBM industry.
- Working knowledge of VBA, MS Office and SQL
- Experience with Attachmate emulator Macro development
- Proficient in query in RxClaim and SQL.
- Strong written and verbal communication skills
- Excellent management and organizational skills
- Successful completion of a pre-employment drug screen and background check
- Working knowledge of health insurance or pharmaceutical industry preferred

Physical Requirements:

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Must be able to work in an office environment using a computer and/or phone for up to 8 hours a day.

Benefits:

- Health, Dental, Vision, Voluntary Life Insurance, Flex Spending
- Company Paid Group Term Life Insurance and Short and Long Term Disability
- 401(k) Retirement Account with Company Match
- Paid Time Off & Paid Holidays

Pre-employment drug screen and background check required.
